I didn't have to read many comic books to understand that every superhero had a weakness, something they had to overcome through an extraordinary act of courage.

我不需要读很多漫画书就能明白，每个超级英雄都有弱点，他们必须通过一个非凡的勇敢行为来克服这些弱点。

All that was left was my fear of dogs, birds, insects, germs, hugging, button fly pants, rivers, ponds, lakes, oceans, estuaries, corduroy, root vegetables, squeaky balloons, tinted windows, take a penny, leave a penny, fireworks, pot belly stoves, dust bunnies, that fuzz on peaches.

剩下的只有我对狗、鸟、昆虫、细菌、拥抱、纽扣裤、河流、池塘、湖泊、海洋、河口、灯芯绒布料、根茎类蔬菜、吱吱响的气球、着色玻璃窗、“自取硬币，留置硬币”习惯、烟花、柴炉、灰尘团以及桃子上的细毛的恐惧。

What I find interesting is how many super villains are scientists.
