

小谢尔顿-S01E05-音频

In Texas, the Holy Trinity is God, football, and barbecue.

在德克萨斯州，神圣三位一体是上帝、足球和烧烤。

Not necessarily in that order.

不一定按那个顺序。

I don't care if you win, just cover the damn spread.

我不在乎你赢不赢，只要能cover那个该死的盘口就行了。

Mom, are you betting again?

妈妈，你又在赌博吗？

No.

不。

Fourth down.

第四次下降。

Gotta punt.

Gotta point.

Gotta.

Gotta。

Statistically, always punting on fourth down makes no sense.

从统计学角度来看，在第四档总是选择弃踢是没有意义的。

Statistically, you're a dumbass.

从统计学上看，你是个傻瓜。

Hey.

嘿。

When the Aggies give up the ball on their own five-yard line, the opposing team has a 92% chance of scoring.

当Aggies队在自家五码线丢球时，对方队伍有92%的概率得分。

When they punt from deep in their own territory, the other team still has a 77% chance of scoring.

当他们在自己的深辖区弃踢时，对方球队仍有77%的几率得分。

But since they convert on fourth down 50% of the time, the math says they should never punt again.

但既然他们在第四档进攻时有50%的成功率，从数学角度来说，他们应该永远不要再弃踢了。

That's real, Daddy.

那是真的，爸爸。

Sheldon, I've been playing and coaching football all my life.

谢尔顿，我这辈子都在踢球和执教。

I don't think your math is right.
